- We all have a shared responsibility to ensure the safety and well-being of all adults and will act appropriately and report concerns whether these concerns arise within FutureShock Wrestling Ventures Ltd (for example inappropriate behaviour of a coach), or in the wider community.
- All allegations will be taken seriously and responded to quickly in line with FutureShock Wrestling Ventures Ltd Safeguarding Adults Policy
- FutureShock Wrestling Ventures Ltd recognises the role and responsibilities of the statutory agencies in safeguarding adults and is committed to complying with the procedures of the Local Safeguarding Adults Boards.

The six principles of adult safeguarding

The Care Act 2014 sets out the following principles that should underpin safeguarding of adults

- Empowerment - People being supported and encouraged to make their own decisions and informed consent.
- Prevention – It is better to take action before harm occurs.
- Proportionality – The least intrusive response appropriate to the risk presented.
- Protection – Support and representation for those in greatest need.
- Partnership – Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse.
- Accountability – Accountability and transparency in delivering safeguarding.

Making Safeguarding personal

'Making safeguarding personal' means that adult safeguarding should be person led and outcome focussed. It engages the person in a conversation about how best to respond to their safeguarding situation in a way that enhances involvement, choice and control, as well as improving quality of life, well-being and safety. Wherever possible, FutureShock Wrestling Ventures Ltd will discuss safeguarding concerns with the adult to get their view of what they would like to happen and keep them involved in the safeguarding process, seeking their consent to share information outside of the organisation where necessary.

Wellbeing Principle

The concept of wellbeing is threaded throughout the Care Act and it is one that is relevant to adult safeguarding in sport and activity. Wellbeing is different for each of us however the Act sets out broad categories that contribute to our sense of wellbeing. By keeping these themes in mind, we can all ensure that adult participants can take part in professional wrestling fully and safely

- Personal dignity (including treatment of the individual with respect)
- Physical and mental health and emotional wellbeing
- Protection from abuse and neglect
- Control by the individual over their day-to-day life (including over care and support provided and the way they are provided)
- Participation in work, education, training or recreation
- Social and economic wellbeing
- Domestic, family and personal domains
- Suitability of the individual's living accommodation
- The individual's contribution to society.

Legislation

The practices and procedures within this policy are based on the principles contained within the UK legislation and Government Guidance and have been developed to complement the Safeguarding Adults Boards policy and procedures. They take the following into consideration:

- The Care Act 2014
- The Protection of Freedoms Act 2012
- Domestic Violence, Crime and Victims (Amendment) Act 2012
- The Equality Act 2010
- The Safeguarding Vulnerable Groups Act 2006
- Mental Capacity Act 2005
- Sexual Offences Act 2003
- The Human Rights Act 1998
- The Data Protection Act 1998

Definitions

To assist working through and understanding this policy a number of key definitions need to be explained:

*Adult is anyone aged 18 or over.

*Adult at Risk is a person aged 18 or over who:

- Has needs for care and support (whether or not the local authority is meeting any of those needs); and;

Is experiencing, or is at risk of, abuse or neglect; and;

As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of, abuse or neglect.

*Adult in need of care and support is determined by a range of factors including personal characteristics, factors associated with their situation or environment and social factors. A person's disability or frailty does not mean that they will inevitably experience harm or abuse. In the context of safeguarding adults, the likelihood of an adult in need of care and support experiencing harm or abuse should be determined by considering a range of factors, not merely because they may be defined by one or more of the above descriptors.

*Adult safeguarding is protecting a person's right to live in safety, free from abuse and neglect. *Capacity refers to the ability to make a decision at a particular time, for example when under considerable stress. The starting assumption must always be that a person has the capacity to make a decision unless it can be established that they lack capacity (MCA 2005).

Types of Abuse and Neglect

There are different types and patterns of abuse and neglect and different circumstances in which they may take place. The Care Act 2014 identifies the following as an illustrative guide and is not intended to be exhaustive list. These sort of behaviours could give rise to a safeguarding concern.

Organisational Abuse – including neglect and poor care practice within an institution or specific care setting such as a hospital or care home, for example, or in relation to care provided in one's own home.

Physical Abuse – including hitting, slapping, pushing, kicking, misuse of medication, restraint or inappropriate sanctions.

Sexual Abuse – including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.

Financial or Material Abuse – including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.

Neglect – including ignoring medical or physical care needs, failure to provide access to appropriate health social care or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating.

Emotional or Psychological Abuse – this includes threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion,

harassment, verbal abuse, isolation or withdrawal from services or supportive networks.

Not included in the Care Act 2014 but also relevant:

- Cyber Bullying – cyber bullying occurs when someone repeatedly makes fun of another person online or repeatedly picks on another person through emails or text messages, or uses online forums with the intention of harming, damaging, humiliating or isolating another person.
- Forced Marriage – forced marriage is a term used to describe a marriage in which one or both of the parties are married without their consent or against their will.
- Mate Crime – a ‘mate crime’ as defined by the Safety Net Project as ‘when vulnerable people are befriended by members of the community who go on to exploit and take advantage of them. Radicalisation – the aim of radicalisation is to attract people to their reasoning, inspire new recruits and embed their extreme views and persuade vulnerable individuals of the legitimacy of their cause.
